Q: Why did the ticket price go up \$5.00 from the last Valencia Night with the Orlando Magic?

A: Because this game is on a weekend. The ticket price is still a \$10.00 discount from what the general public would pay.

Q: Can you please explain the \$2.00 pre-game option?

A: The \$2.00 is a service charge that just covers the cost of an onsite attendant/beverage service person. Guests will be able to purchase their beverage of choice at the reception, including those for kids. We want to encourage a reception so we can meet and mingle with each other and give details about the post-game group photo on the court. Several people were unable to make the post-game group photo last time, and we want to have the opportunity to give the specific details about the post-game group photo at the reception. Plus, it will be fun to mingle and interact with fellow colleagues, friends, and alumni!
