

# University Parallel Program: Associate in Arts Degree

The Associate in Arts (A.A.) Degree is designed for the student who plans to transfer to a Florida public university as a junior to complete a bachelor's degree. Through the A.A. Degree, Valencia offers lower division preparation for almost all of the approximately 200 majors in the State University System of Florida. The A.A. Degree provides the courses of study equivalent to those offered in the freshman and sophomore years (lower division) of Florida's state universities; a student who earns an A.A. Degree from Valencia meets the lower division general education requirements of a Florida state university but does not automatically meet the requirements for a particular major.

The A.A. Degree requirements consist of general education requirements and electives to prepare for a bachelor's degree. Many majors at the universities require that specific courses be taken as part of the A.A. Degree, both within general education and within the electives; known as common prerequisites, these specific courses are to be taken during the lower division by all students who plan to enter a particular major within the university system. These requirements may be met by completing an A.A. Pre-Major at Valencia or by careful selection of courses for the Associate in Arts: General Studies. Catalogs and/or Web sites of the state universities list the courses, including the common prerequisites, that are to be taken at the community college in order to enter the junior year in a particular major at the university.

Valencia's Pre-Majors are designed for a student who plans to earn the Associate in Arts Degree and transfer to one of the eleven state universities in Florida as a junior to complete a bachelor's degree in one of the specific majors. Each Pre-Major includes the courses to satisfy Valencia's General Education requirements for the A.A. Degree as well as the statewide common prerequisites for the specific major. Valencia does offer a few Pre-Majors for transfer to private institutions in Florida. All of the Pre-Majors are included at the end of this section of the catalog.

The Associate in Arts Degree: General Studies is available for students who want a college degree and have not selected a Pre-Major for transfer to a state university in Florida and for students who plan to transfer to a private and/or out-of-state institution. Although the Pre-Majors provide the best preparation for transfer to specific majors in Florida's State University System, a student still may choose to earn the Associate in Arts: General Studies.

The Associate in Arts degree requires a minimum of 60 college-level credits which includes 36 credits of general education and 24 credits of electives.

If you plan to transfer to a Florida state university, it is very important that you take the courses at Valencia that are required for admission to your major at the university you plan to attend. These common prerequisite requirements are available electronically through the university Web sites and through the Florida Academic

Counseling and Tracking for Students (FACTS) Web site at [www.facts.org](http://www.facts.org). Not all majors are offered at every university. For assistance in accessing information about majors, you are encouraged to visit Career Development Services or the Atlas Access Lab on any campus where you also may complete, through the LifeMap Tools in Atlas, an education plan to prepare you for a specific major(s). Once you have created an education plan through Atlas, you may meet with a Student Services staff member to discuss the requirements for a particular major(s).

The A.A. Degree guarantees admission to one of the eleven state universities but not necessarily admission to a specific major (program). Certain majors are designated as "restricted access" or "limited access" programs, meaning that they have admission requirements in addition to earning the A.A. Degree. These requirements may include: the completion of specific courses, a minimum grade point average in specific courses, a minimum grade point average in all course work, an interview, a minimum number of hours of related volunteer work, an audition, the submission of a portfolio, and/or a specified deadline(s). Requirements such as these are given in the university catalogs and Web sites and at [www.facts.org](http://www.facts.org). It is very important to find out if the major(s) in which you are interested is either "restricted access" or "limited access" and, if so, the exact requirements in addition to the A.A. Degree.

Although the A.A. Degree does not guarantee admission to a private and/or out-of-state institution, you can find out what the lower division requirements are for the institution and include all, or as many as possible, of the requirements in your A.A. Degree. To find out what the requirements are, you may visit Career Development Services on any campus, visit the institution's Web site or contact the institution directly. Although Valencia staff members cannot speak on behalf of other institutions, once you know the requirements, a Student Services staff member will assist you in developing an education plan for your A.A. Degree.

In order to have a smooth academic transfer, it is very important that you take the initiative to know all of the requirements for your major at the institution to which you plan to transfer.

## Limited Access Programs

Limited access status occurs when student demand exceeds available resources such as faculty, instructional facilities, equipment, etc. Admission to Valencia does not guarantee acceptance to a limited access degree in which the number of students who can enroll is limited. Limited access degrees have specific admission requirements. The A.A. Pre-Major: Dance Performance is the only pre-major with limited access status.

## Graduation Requirements for the Associate in Arts Degree

Responsibility for meeting the requirements for graduation with an Associate in Arts Degree rests with the student. To be awarded an A.A. Degree from Valencia Community College a student must do the following:

1. Complete a minimum of 60 credits of acceptable college-level credits of which:
  - a maximum of six elective credits may be in music ensemble courses and/or physical education activity courses; and
  - a maximum of twelve credits may be in college-level English as a Second Language for Academic Purposes (EAP) courses; and
  - a maximum of four credits may be in internship courses; and
  - a maximum of four credits may be in SLS 2940 Service Learning; and
  - a maximum of eight credits may be in military science courses; and
  - a maximum of 45 credits may be in any combination of Advanced Placement (AP), College Level Examination Program (CLEP), credit by examination, DANTES, Excelsior, experiential learning, and International Baccalaureate.
2. Complete the 36 credits of General Education described in the A.A. Degree course requirements section.
3. Complete the 24 credits of Electives described in the A.A. Degree course requirements section.
4. Satisfy the foreign language proficiency requirement described in the A.A. Degree course requirements section.
5. Satisfy entry testing requirements and complete with a minimum grade of C all required Mandatory Courses in reading, mathematics, English and English for Academic Purposes.
6. Complete successfully the course SLS 1122 Student Success as described in the "Requirements for Completing Mandatory Courses" entry in this catalog if your entry test scores place you in college-preparatory courses in reading, mathematics, and English. This requirement also applies if you choose to begin your course work with entry-level, college-preparatory courses in reading, mathematics, and English rather than complete entry testing.
7. Earn a cumulative grade point average (GPA) of at least 2.0 in:
  - all earned credit hours at Valencia (Institutional GPA)
  - all earned credit hours (Overall GPA)
  - all earned credit hours that apply toward the degree (Program GPA)
8. Submit official transcripts of all college course work, including course work attempted following initial enrollment at Valencia.
9. Complete at Valencia at least 25% of the college-level credits required for the degree, excluding acceleration mechanisms and credit by examination.
10. Complete with a grade of C or better the courses which satisfy the Gordon Rule requirements (6-A 10.30 Florida Administrative Code):
  - ENC 1101 or ENC 1101H
  - ENC 1102 or ENC 1102H
  - Two three-credit General Education Area 2(b) Humanities courses—one of which has an HUM prefix
  - Six credits of General Education Area 3 Mathematics courses.
11. Satisfy the College-Level Academic Skills Program (CLASP) requirements by documenting satisfaction of the College-Level Academic Skills Test (CLAST) through:
  - having the grades and/or test scores to meet a State-approved alternative method; or
  - taking and passing the four subtests of the CLAST after earning at least 18 college-level credits including ENC 1101 and ENC 1102, or their equivalents, for a total of six credits and a General Education Area 3 Mathematics course; or
  - combining satisfaction of a State-approved alternative and successful completion of the remaining subtest(s) of the CLAST.
12. Obtain a degree audit through your Atlas account and review it for readiness to submit your application for graduation.
13. Submit an application for graduation online through Atlas by the deadline date listed in the Academic Calendar in the online official catalog. You must have at least 60 college-level credits, including all courses for which you are registered, in order to submit your graduation application.
14. Fulfill all financial obligations to Valencia.

### IMPORTANT NOTES:

1. Valencia graduates students at the end of each Fall, Spring, and Summer Full Term and holds an annual commencement ceremony at the end of Spring Term.
2. Your governing catalog is the Valencia Community College Catalog in effect at the time of your initial enrollment in credit courses at Valencia. A Valencia Catalog is valid for five academic years. You may follow the policies and graduation requirements in your governing catalog for the five academic years except when changed by law or by the District Board of Trustees. You may officially declare any subsequent catalog as your governing catalog and follow its requirements for your initial degree or certificate program until that catalog expires; however, if you change your degree or certificate program, you are required to choose from the current degree and certificate program offerings and follow the graduation requirements of the current catalog. If your governing catalog has expired, your new governing catalog will be the catalog in effect in your next term of enrollment.

The official version of this catalog is the online version at <http://valenciacc.edu/catalog>.

Should the District Board of Trustees approve changes in program requirements to be effective within an academic year, the revised requirements will be available in the official online catalog.

3. You may earn one Associate in Arts Degree from Valencia. If you have earned an Associate in Arts or Bachelor's Degree from an institution that has regional accreditation in the United States, you are not eligible to be awarded an Associate in Arts Degree from Valencia. (In addition to the Associate in Arts Degree, you may earn any number of Associate in Applied Science and/or Associate in Science Degrees.)

If you want to earn more than one degree at Valencia, you may complete the first degree and then pursue another degree or you may pursue two or more degrees at the same time. Whenever possible, a course will be applied to more than one degree.

4. You will not receive grade forgiveness for any course that counts toward your degree and is repeated after you have been awarded the degree from Valencia.

## Associate in Arts Degree Course Requirements at Valencia Community College

The Associate in Arts Degree requires a minimum of 60 college-level credits including 36 credits in general education, 24 credits of acceptable electives, and satisfaction of the foreign language proficiency requirement.

### A. General Education Requirements for the Associate in Arts Degree 36 Credits

The general education program at Valencia is an integral part of the A.A. Degree program and is designed to contribute to the student's educational growth by providing a basic liberal arts education.

There are two approaches to general education at Valencia. The first is 36 semester credits which serve as the core of the curriculum. The 36 credits are selected from 5 core areas of academic courses offered at Valencia: Communications, Humanities, Mathematics, Science and Social Sciences.

The second approach is the 24-semester-credit Interdisciplinary Studies Honors Program and completion of SPC 1600, POS 2041, and the six-semester-credit mathematics requirement outlined in Area 3. The description of the first approach follows, and the second approach is described in the Honors section of this catalog.

When a number of courses may be used to satisfy a degree requirement, a course attribute code identifies each course that may be used to satisfy that specific requirement.

**B. Electives/Required Prerequisites for Major****24 Credits**

Most college-level credit courses taught at Valencia will count toward elective credit. Any credits in excess of the minimum required in any of the five core areas listed above will count as elective credits. University majors require certain prerequisite courses before transferring; these are the courses that should be taken as electives at Valencia.

To select the most appropriate electives, create an education plan through Atlas for review with a Student Services staff member.

*continued*

## C. Foreign Language Proficiency Requirement

Valencia's college-level foreign language proficiency requirement can be satisfied in one of the following ways:

- You may complete two credits (two years) of sequential high school instruction in one language other than English with a passing grade each year.
- You may successfully complete one of the following sequences in a single foreign language:

		Code
FRE 1000	Basic French (3 cr)	
FRE 1100	Elementary French I (3 cr)	
FRE 1101	Elementary French II (3 cr)	FORL
GER 1000	Basic German (3 cr)	
GER 1100	Elementary German I (3 cr)	
GER 1101	Elementary German II (3 cr)	FORL
POR 1120	Elementary Portuguese I (4 cr)	
POR 1121	Elementary Portuguese II (4cr)	FORL
SPN 1000	Basic Spanish (3 cr)	
SPN 1100	Elementary Spanish I (3 cr)	
SPN 1101	Elementary Spanish II (3 cr)	FORL

- If you have prior knowledge, you may satisfy this requirement by successfully completing foreign language course work at the Elementary II college level.
- Demonstration of proficiency by passing a CLEP (College Level Examination Program) foreign language test or a foreign language proficiency test administered by the University of Central Florida.
- If your native language is a language other than English, you may satisfy the foreign language proficiency requirement by successful completion of English for Academic Purposes (EAP) course requirements and successful completion of the Area I Communications requirements for the Associate in Arts Degree.

Students who earn college-level foreign language credits through course work or CLEP may apply these credits toward the 24 Elective credits.

Demonstrated college-level proficiency in American Sign Language (either through completion of nine semester credits or successful completion of SPA 2614) can be used to fulfill this requirement at Valencia.

NOTE: American Sign Language cannot be used to fulfill the foreign language graduation requirement at many universities. Students are responsible for verifying acceptability at the institution to which they plan to transfer.

		Code
SPA 2612	American Sign Language I (4 cr)	
SPA 2613	American Sign Language II (4 cr)	
SPA 2614	American Sign Language III (4 cr)	FORL

Satisfaction of this graduation requirement for Valencia may also satisfy the foreign language admission requirement for Florida public universities; it may or may not satisfy a specific university graduation requirement. Students are encouraged to find out the specific requirements of institutions in which they are interested.

## The Gordon Rule

State Board of Education Rule 6A-10.030, the Gordon Rule, requires that students complete with grades of C or better 12 credits in designated courses in which the student is required to demonstrate college-level writing skills through multiple assignments and six credits of mathematics course work at the level of college algebra or higher. These courses must be completed successfully (grades of C or better) prior to the receipt of an A.A. Degree and prior to entry into the upper division of a Florida public university.

For graduation with the Associate in Arts Degree from Valencia, the Gordon Rule requirements can be satisfied by completing either the Writing and Mathematics requirements listed below or the Interdisciplinary Studies Program and the Mathematics requirement.

## College-Level Academic Skills Program (CLASP) and Test (CLAST)

Florida Statutes and rules of the State Board of Education require students in the following categories to demonstrate proficiency in communication and computation:

1. Those seeking the Associate in Arts Degree. (CLAST is not required to receive the Associate in Applied Science or the Associate in Science Degree.)
2. Those who will transfer to a state university with 60 or more credits.

The CLAST is a method to demonstrate competency in English Language Skills, Essay, Mathematics and Reading. Alternative means to meet the requirement have been approved for those students who meet specific guidelines.

To be eligible for CLAST, students must have completed successfully a minimum of 18 credits of college-level work including Freshman Composition I and II, or their equivalent, and a math course from the list of AREA 3 Math courses under General Education Requirements. To be considered as completed successfully, these English and Math courses must be completed with a minimum grade of C.

Alternative ways to meet College-Level Academic Skills Test requirements are available. Students may qualify for an Alternative based on grades in a minimum of six credits in specific courses. To qualify for the Alternative to the CLAST subtests in English Language Skills, Essay, and Reading, a student must have a 2.5 GPA in six credits of ENC 1101 and ENC 1102 or their equivalent. To qualify for the Alternative to the CLAST subtest in mathematics, a student must have a 2.5 GPA in two courses (minimum of six credits) that apply toward the mathematics requirement for general education in the A.A. Degree at Valencia Community College.

A second alternative method requires specific scores on the SAT-I or Enhanced ACT or equivalents on their original scales:

SAT-I	Score	or	Enhanced	Score	Section(s) Exempted
			ACT		
Critical Read	500		English	21	English and Essay
Critical Read	500		Reading	22	Reading
Mathematics	500		Mathematics	21	Mathematics

It is possible to satisfy the CLASP requirements through a combination of passing one or more CLAST subtests and using the Alternative(s) for one or more subtests.

Visit a campus Assessment Office to register for the CLAST. There is an examination fee for the pencil and paper version of the test per CLAST registration period, and there is a registration deadline. See the Academic Calendar in the online official catalog for the registration deadlines and test dates.

The Computer Adapted Test (CAT-CLAST) is given weekly on the West Campus and is available to those students who need only the Computation, Reading and/or English Language Skills subtests of the CLAST; the Essay subtest is not given via computer. With the CAT-CLAST you will know your score(s) immediately, though it may take up to four weeks for the scores to become official and appear on your Valencia record. To register for the CAT-CLAST, visit the Assessment Office on East, Osceola or West Campus or Student Services at the Winter Park Campus. There is an examination fee for the CAT-CLAST for each appointment, and you can take up to three subtests per appointment. All test fees are non-refundable and non-transferable.

Regardless of the version of the CLAST you take, a minimum of 31 days must have passed between attempts on the same subtest. If you take the same subtest in less than 31 days, your scores will be invalid.

To assist you in preparing for the CLAST, Valencia teaches CLASP skills in computation, English language, essay, and reading in courses in each of those academic disciplines. The skills are reinforced in virtually all appropriate courses offered at Valencia and immediately before each CLAST, with CLAST review sessions in all four areas. Valencia has created online review materials for each of the CLAST subtests. The online CLAST review materials can be accessed via your Atlas account under the Student Services tab. You can obtain additional support to strengthen CLASP skills through the Student Support Centers for communications and mathematics. Also, the campus libraries have preparation materials. Videos for each academic discipline may be viewed in the libraries and books are available that provide sample questions and preparation techniques. In addition, special help is provided through the West Campus Writing Center. On the Web you can find links to additional review materials by visiting <http://valenciacc.edu/assessments>.

The computation and communication competencies required are:

## Reading Skills

### Literal Comprehension

- Recognize main ideas
- Identify supporting details
- Determine meaning of words

### Critical Comprehension

- Recognize author's purpose
- Identify author's overall organizational pattern
- Distinguish between fact and opinion
- Detect bias
- Recognize author's tone
- Recognize relationships within sentences
- Recognize relationships between sentences
- Recognize valid arguments
- Draw inferences and conclusions

## English Language Skills

### Word Choice Skills

- Use words which convey the meaning required by context
- Avoid wordiness

### Sentence Structure Skills

- Place modifiers correctly
- Coordinate and subordinate sentence elements
- Use parallel expressions for parallel ideas
- Avoid fragments, comma splices, and fused sentences

### Grammar, Spelling, Capitalization, and Punctuation Skills

- Use standard verb forms
- Maintain agreement between subject and verb, pronoun and antecedent
- Use proper case forms
- Use adjectives and adverbs correctly
- Avoid inappropriate shifts in verb tenses
- Make logical comparisons
- Use standard spelling, punctuation, and capitalization

### Essay Skills

- Select a subject which lends itself to development
- Determine the purpose and audience for writing
- Limit a subject to requirements of time, purpose, and audience
- Formulate a thesis or main idea statement
- Provide adequate supporting details
- Arrange ideas and details in an organizational pattern appropriate to the purpose and focus
- Write unified prose with relevant supporting material
- Write coherent prose with effective transitions between parts
- Avoid slang, jargon, clichés, and pretentious expressions
- Use a variety of sentence patterns
- Avoid overuse of passive construction
- Maintain consistent point of view
- Revise, edit, and proofread for clarity, consistency, and conformity to standard American English

All of the skills tested on the English language skills subtest are also tested on the essay subtest.

## Mathematics Skills

### Arithmetic Skills

- Add, subtract, multiply and divide rational numbers in fractional form
- Add, subtract, multiply and divide rational numbers in decimal form
- Calculate percent increase and percent decrease
- Solve "a% of b is c," where two of the variables are given
- Recognize the meaning of exponents
- Recognize the role of the base number in the base-ten numeration system
- Identify equivalent forms of decimals, percents, and fractions
- Determine the order relation between real numbers
- Identify a reasonable estimate of a sum, average, or product

- Infer relations between numbers in general by examining number pairs
- Solve real-world problems which do not involve the use of percent
- Solve real-world problems which involve the use of percent
- Solve problems that involve the structure and logic of arithmetic

### Geometry and Measurement Skills

- Round measurements
- Calculate distance, area and volume
- Identify relationships between angle measures
- Classify simple plane figures by recognizing their properties
- Recognize similar triangles and their properties
- Identify units of measurement for geometric objects
- Infer formulas for measuring geometric figures
- Select applicable formulas for computing measures of geometric figures
- Solve real-world problems involving perimeters, areas, and volumes of geometric figures
- Solve real-world problems involving the Pythagorean property

### Algebra Skills

- Add, subtract, multiply and divide real numbers
- Apply the order of operations agreement
- Use scientific notation
- Solve linear equations and inequalities
- Use formulas to compute results
- Find particular values of a function
- Factor a quadratic expression
- Find the roots of a quadratic equation
- Solve a system of two linear equations in two unknowns
- Use properties of operations correctly
- Determine whether a number is among the solutions of a given equation or inequality
- Recognize statements and conditions of proportionality and variation
- Identify regions of the coordinate plane which correspond to specific conditions and vice versa
- Use applicable properties to select equivalent equations or inequalities
- Solve real-world problems involving the use of variables
- Solve problems that involve the structure and logic of algebra

### Statistics Skills, Including Probability

- Identify information contained in graphs
- Determine the mean, median and mode
- Use the fundamental counting principle
- Recognize properties and interrelationships among the mean, median and mode
- Choose the most appropriate procedures for selecting an unbiased sample
- Identify the probability of a specified outcome
- Infer relations and make accurate predictions from studying statistical data
- Interpret real-world data involving frequency and cumulative frequency tables
- Solve real-world problems involving probabilities

### Logical Reasoning Skills

- Deduce facts of set inclusion or set non-inclusion from a diagram
- Identify the negations of simple and compound statements
- Determine equivalence and nonequivalence of statements
- Draw logical conclusions from data
- Recognize invalid arguments with true conclusions
- Recognize valid reasoning patterns shown in everyday language
- Select applicable rules for transforming statements without affecting their meaning
- Draw logical conclusions when facts warrant them

## Community College Associate in Arts Transfer Guarantees

Community College Associate in Arts graduates are guaranteed certain rights under the statewide Articulation Agreement 6A-10.024. This Articulation Agreement governs the transfer of students from Florida public community colleges to the state university system. The agreement addresses General Admission to a state university and Program Admission.

### General Admission to Florida State Universities

#### Guarantees

The Florida Articulation Agreement designates the Associate in Arts degree as the transfer degree to Florida state universities. In doing so, the Agreement guarantees that:

1. Community college A.A. Degree holders will be granted admission to one of the eleven (11) state universities but not necessarily to limited access programs.
2. Upon transferring to a state university, A.A. Degree graduates will be awarded at least 60 credits towards the baccalaureate degree.
3. The university catalog in effect the year the A.A. Degree student first enrolled at the community college will remain in effect for the student's program at the university, provided the student maintains continuous enrollment as defined in that catalog.
4. Once a student has completed the General Education Core courses and this is so noted on the transcript, regardless of whether or not an A.A. Degree is awarded, no other state university or state community college to which the student may transfer can require additional General Education Core courses.
5. When transferring among institutions participating in the statewide course numbering system, a receiving institution must accept all courses taken at the transfer institution, if the same course with the same course number is offered at the receiving institution.
6. Credits earned through acceleration mechanisms (Advanced Placement, College Level Examination Program, Dual Enrollment, International Baccalaureate, DANTES and Excelsior) within the A.A. Degree at the community college will be transferable to the state university.

Students without an A.A. Degree who are seeking admission to a state university do not have all the guarantees provided by the Articulation Agreement and may be denied admission or lose credit when transferring. In most cases students without an A.A. Degree will have to meet freshman admissions standards.

### **Admission to Specific Programs at Florida State Universities**

The universities determine the courses and prerequisites that must be taken in order to receive a baccalaureate degree for a chosen program. Although all credit earned towards an A.A. Degree will transfer to a university, not all credit may satisfy the program prerequisites or the course requirements for a baccalaureate degree. Therefore, it is important to know the program requirements and to take as many courses as possible at Valencia while completing the A.A. Degree.

### **Limited Access**

Due to limited resources, some programs have limited enrollments; in order to select students these programs may have additional admission requirements which are more restrictive than the university's general admission requirements. These requirements may include one or more of the following: completion of specific courses, minimum grade point average, minimum test scores, interviews, auditions, submission of a portfolio, and deadlines.

### **Guarantees**

A.A. graduates are not guaranteed admission into limited access programs but are guaranteed that:

1. The community college student will have the same opportunity to enroll in a university limited access program as the native university student.
2. Selection and enrollment criteria for a university limited access program will be established and published in catalogs and appropriate publications. Notification of any changes in a program will include sufficient time for prospective students to adjust to meet program criteria.

Resources are available for planning your transfer to a bachelor's degree program. For assistance in accessing this information, you may visit Career Development Services or the Atlas Access Lab on any campus where you may complete, through the LifeMap Tools in Atlas, an education plan to prepare you for a specific major(s). Once you create an education plan, you may meet with a Student Services staff member to discuss the requirements for a particular major(s) and review your education plan.

### **Appeals**

Should any of these guarantees be denied, the student has the right to file an appeal. Each state university has established appeal procedures. Students may contact the state university articulation officer for information about these procedures.

### **Associate in Arts Degree: General Studies**

The Associate in Arts Degree: General Studies (A.A. General Studies) is available for students who want a college degree and have not selected a Pre-Major for transfer to a state university in Florida and for students who plan to transfer to a private and/or out-of-state institution. Although the Pre-Majors provide the best preparation for transfer to the specific majors in Florida's State University System, a student still may choose the Associate in Arts: General Studies.

By completing the Associate in Arts Degree: General Studies, a student satisfies the General Education requirements for Valencia and the state universities and, therefore, is eligible for transfer as a junior to a state university; in addition, with careful course selection, a student who earns this degree may be prepared for transfer as a junior to a specific degree program. It is the student's responsibility to find out the requirements for admission to the major at the university to which the student will transfer. For assistance in accessing this information, you may visit Career Development Services or the Atlas Access Lab on any campus where you also may complete, through the LifeMap Tools in Atlas, an education plan to prepare you for a specific major(s). Once you create an education plan, you may meet with a Student Services staff member to discuss the requirements for a particular major(s) and your education plan.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete prerequisites for the program courses and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements may be in addition to the 60 credits listed.

To be awarded an Associate in Arts Pre-Major, all graduation requirements for the Associate in Arts degree must be satisfied.

## Suggested Course Sequence for the Associate in Arts Degree: General Studies

The following suggested course sequence includes all of the course requirements for the A.A. Degree.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.

## Pre-Majors at Valencia

Through the Associate in Arts Degree, Valencia offers preparation for the nearly 200 majors in the State University System (SUS) of Florida. Each Pre-Major is designed as an advisory guide for a student who plans to earn the Associate in Arts Degree from Valencia and transfer to one of the eleven state universities in Florida as a junior to complete a bachelor's degree in one of the specific university majors. Each Pre-Major includes the courses to satisfy Valencia's General Education requirements for the A.A. Degree and the Statewide Common Course Prerequisites for the specific university major.

Students who plan to transfer to a restricted access or limited access program are responsible for completing the specific requirements of the institution to which they will transfer, as completion of a Pre-Major does not guarantee admission to an upper division program if that university program has restricted access or limited access status. In general, restricted access means there are admission requirements in addition to the A.A. Degree and, if those requirements are met, the student will qualify for admission to the university program. The additional requirements might include the completion of certain courses, a separate application, an early application date and/or a minimum grade point average.

Limited access means there are requirements in addition to the A.A. Degree and, even though these additional requirements are met, the student might not be admitted to the university program because admission is a selective process conducted by the university. The additional requirements might include the completion of certain courses, a minimum grade point average, minimum test scores, interviews, auditions and/or portfolios. It is the student's responsibility to learn if a particular university major is designated limited access or restricted access at the specific university to which the student wants to transfer.

Some Pre-Majors are based upon articulation agreements with specific universities and this information is reflected in the specific Pre-Major information. (Additional information on the articulation agreements may be found at <http://valenciacc.edu/aadegrees/articulationagreements.cfm>.) Although a Pre-Major may be based upon an articulation agreement with one or more universities, the listed courses would be very similar for that major for any of the state universities in Florida.

**A.A. Degree-seeking students in all Pre-Majors must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed and must satisfy Valencia's foreign language proficiency requirement.**

Specialized courses may not be offered every session or on every campus.

## Pre-Major: Accounting

### Associate in Arts Degree

This Pre-Major is designed for the student who plans to transfer to a Florida public university as a junior to complete a four-year bachelor's degree in Accounting. Students who plan to transfer to a limited access program are responsible for completing the specific requirements of the institution to which they will transfer as **completion of this Pre-Major does not guarantee admission to an upper division limited access program.** Although this Pre-Major is the best preparation for transfer in this major, students may be able to earn Valencia's Associate in Arts Degree: General Studies and still be prepared for transfer in this major.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements may be in addition to the 60 credits listed.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.

## Pre-Major: Biology

### Associate in Arts Degree

This Pre-Major is designed for the student who plans to transfer to a Florida public university as a junior to complete a four-year bachelor's degree in Biology. Students who plan to transfer to a limited access program are responsible for completing the specific requirements of the institution to which they will transfer as **completion of this Pre-Major does not guarantee admission to an upper division limited access program.** Although this Pre-Major is the best preparation for transfer in this major, students may be able to earn Valencia's Associate in Arts Degree: General Studies and still be prepared for transfer in this major.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements may be in addition to the 60 credits listed.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.

## Articulated Pre-Major: Engineering (Florida Institute of Technology)

### Associate in Arts Degree

This Pre-Major is designed for the student who plans to transfer to the Florida Institute of Technology (FIT) in Melbourne, Florida as a junior to complete a four-year bachelor's degree in the College of Engineering. It is based upon an articulation agreement in Engineering with FIT. Engineering majors offered at Florida Tech are Aerospace, Chemical, Civil, Computer, Electrical, Mechanical, and Ocean. Students who plan to transfer are responsible for completing the admission requirements of FIT.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements will be in addition to the 60 credits listed. Also, courses listed in the NOTES below may be taken at Valencia in addition to the 60 credits listed.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.

Financial aid is available to eligible Valencia transfer students. The combination of state, federal, and university financial aid programs can make Florida Tech affordable to eligible students who wish to transfer to Florida Tech. In some cases, the combination of grants

## Articulated Pre-Major: Engineering (Polytechnic University of the Americas)

### Associate in Arts Degree

This Pre-Major is designed for the student who plans to transfer to the Polytechnic University of the Americas (PUA) in Winter Park, Florida as a junior to complete a four-year bachelor's degree in the College of Engineering. It is based upon an articulation agreement in Engineering with PUA. Students who plan to transfer are responsible for completing the admission requirements of PUA.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements will be in addition to the 60 credits listed. Extra Engineering Electives courses and those listed in the NOTES below may also be taken at Valencia in addition to the 60 credits listed.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.

## Pre-Major: Engineering (General)

### Associate in Arts Degree

This Pre-Major is designed for the student who plans to transfer to a Florida public university as a junior to complete a four-year bachelor's degree in Engineering. Valencia also offers Articulated Pre-Majors in Engineering for students who plan to transfer to Engineering majors at the University of Central Florida (UCF), the University of Florida (UF), University of Miami (UM), and Florida Institute of Technology (FIT). Students who plan to transfer are responsible for completing the admission requirements of the institution to which they will transfer. Although the Pre-Major is the right preparation for transfer in this major, students may be able to earn Valencia's Associate in Arts Degree: General Studies and still be prepared for transfer in this major.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements and Engineering Electives courses will be in addition to the 60 credits listed.

This Pre-Major is designed for the student who plans to transfer to a Florida public university as a junior to complete a four-year bachelor's degree in Health Services Administration. Students who plan to transfer to a limited access program are responsible for completing the specific requirements of the institution to which they will transfer as **completion of this Pre-Major does not guarantee admission to an upper division limited access program**. Although this Pre-Major is the best preparation for transfer in this major, students may be able to earn Valencia's Associate in Arts Degree: General Studies and still be prepared for transfer in this major.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements may be in addition to the 60 credits listed.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.

## Pre-Major: Marketing

### Associate in Arts Degree

This Pre-Major is designed for the student who plans to transfer to a Florida public university as a junior to complete a four-year bachelor's degree in Marketing. Students who plan to transfer to a limited access program are responsible for completing the specific requirements of the institution to which they will transfer as **completion of this Pre-Major does not guarantee admission to an upper division limited access program.** Although this Pre-Major is the best preparation for transfer in this major, students may be able to earn Valencia's Associate in Arts Degree: General Studies and still be prepared for transfer in this major.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements may be in addition to the 60 credits listed.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.

## Pre-Major: Respiratory Care

### Associate in Arts Degree

This Pre-Major is designed for the student who plans to transfer to a Florida public university as a junior to complete a four-year bachelor's degree in Cardiopulmonary Sciences (Respiratory Care). Students who plan to transfer to a limited access program are responsible for completing the specific requirements of the institution to which they will transfer as **completion of this Pre-Major does not guarantee admission to an upper division limited access program**. Although this Pre-Major is the best preparation for transfer in this major, students may be able to earn Valencia's Associate in Arts Degree: General Studies and still be prepared for transfer in this major.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English and English for Academic Purposes in which the student is placed. Students must complete all prerequisites for the listed course requirements and Valencia's foreign language proficiency requirement. Courses meeting the preceding requirements may be in addition to the 60 credits listed.

The courses do not have to be taken in the order listed; the sequence suggested is based upon prerequisites and level of course difficulty for most students.
